

Vision: energie-cluster.ch is the swisswide largest network for a CO₂-neutral energy world.

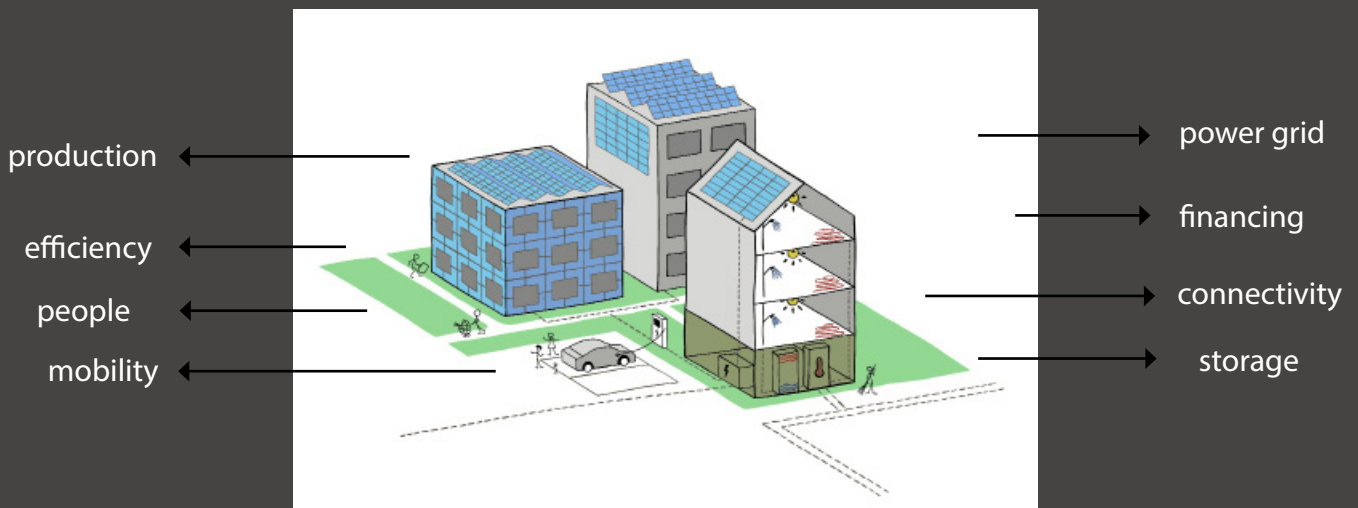

Mission: Our mission is to connect the economy, politics, R+D and the society around the topics energy efficiency and renewable energies. Focus is put on the CO₂-neutral building as a power plant. Its 7 challenges: energy production, storage, connectivity, efficiency, mobility, grid connection and financing. energie-cluster.ch's instruments are events, trainings, consultancy and communication! We network to boost innovation and transfer knowhow in the energy sector.

Innovation

- National congresses on Power-to-Gas and building technologies
- Cantonal Energy and Climate Talks
- Energy Future Days
- company events
- commune events
- thematic events
- ...

- Photovoltaics
- ZEV
- Mobility
- Cyber Security
- BIM
- ...

- 530 members
- 70'000 contacts
- Job-Hub
- Matchmaking
- Coaching
- Energy Consultancy
- ...

- Interactive Webseite
- Social Media
- „Green Chair“ (10'000 subscribers)
- 18 newsletter / year (540'000 readers)
- Direct Mailing (404'000 readers)
- 2 mio transmedial contacts / year
- Technical magazines
- Transfer energy news
- Associations
- Nau.ch
- ...

- Innovation groups on the 7 building interfaces
- Workshops
- ...
